**From oil changes to boat covers...now is the time to do that last minute repair.**

**Our full Service Department is waiting for your phone call.**

**Call (512) 261-7542 today!**

### A word from the General Manager

It is hard to believe that we are only 1 month away from Labor Day weekend!! This summer has been extremely busy and has flown by. Take advantage of our Service Department discount as well as a discount from our new friends at Yacht Outfitters. Just think, this time last year we were moving docks out of the cove and this year if we can beat the August heat, we will have a fantastic fall. Thanks for your continued business and support.

-Jodi Looper  
General Manager

# \$ 50 !!!

**Look for this hidden raindrop in the Newsletter. First person to email [jaymelwmarina@austin.rr.com](mailto:jaymelwmarina@austin.rr.com) with the location will get a \$50 CREDIT on their account !**

## YACHT OUTFITTERS

*Custom-fitted linens and specialty products*

We share your passion for boating. This passion is what inspired us to create Yacht Outfitters - to supply boat lovers with high quality, custom-fitted products at reasonable prices.

### MARINE BEDDING

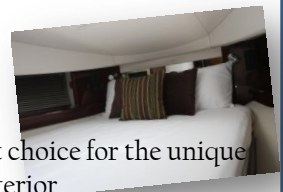

To make high quality sheets, you have to start with the right fabric. As you may know, not all thread counts are created equal. Our sheets are made from some of the highest quality fabrics available from the U.S. and Europe to create long lasting comfort. The cotton fiber quality, yarn size, finishing, and construction (including thread count) all contribute to the unique quality of our sheets. All of our sheets are custom fitted for your exact mattress and are available for any berth configuration including v-berth, staterooms or fold out beds (e.g. salon sofa). We also offer a wide range of mattress pads, comforters and accent pillows to complete your custom bedding.

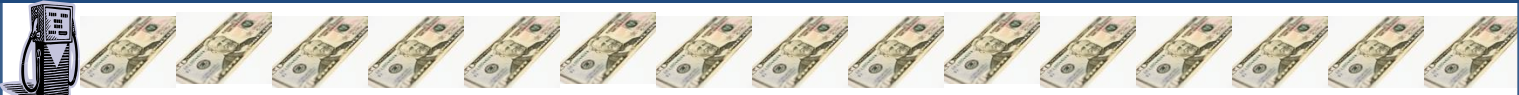

**Purchase a set of sheets (any thread count) and mattress pad to receive 15% off the price of the mattress pad. All orders include free delivery to your boat at Lakeway Marina. Use coupon code 'LMCombo' at checkout. Offer valid until 9/30/10.**

### SPECIALTY PRODUCTS

Yacht Outfitter's accessories are the right choice for the unique spaces found in the interior cabin and exterior cockpit. Choose from our collection of weather proof pillows, custom-fitted tablecloth, polycarbonate barware and accent lamps.

Visit us at [www.yacht-outfitters.com](http://www.yacht-outfitters.com) to view all of our products or to place an order. All Lakeway Marina customers receive FREE delivery to your boat. Contact us at 512-492-2317 or [info@yacht-outfitters.com](mailto:info@yacht-outfitters.com) to speak to customer service or to request fabric samples.

## Have you ever considered issuing a claim for refund on gasoline for your boat, but you're not sure how?!

The refund is part of the "highway use tax" that the state imposes on fuels. Many states apply the tax on marine fuel toward boating programs through the Aquatic Resources Trust Fund. But in other states, the money does not get funneled into the marine community, and is instead put into the highway improvement fund. Since boats don't cause wear and tear on the highways that benefit from this fund, applying marine fuel tax toward highway improvement is unfair. To deal with this problem, several states have instituted procedures to refund at least part of that tax to recreational boaters who take the time to fill out required paperwork and keep receipts.

Keep your original boat gasoline receipts - receipts must show the name of the seller and purchaser, date of purchase, type of fuel, number of gallons and amount of fuel tax paid. Visit [www.window.state.tx.us](http://www.window.state.tx.us) and print off a **Texas Claim for Refund of Gasoline or Diesel Fuel Taxes (form 06-106)**. You do not need to mail receipts with the form, but are supposed to keep them for 4 years in case you're asked to produce them at a later date.
